

# THE TELNYX REPUTATION: A SOCIAL PROOF INFOGRAPHIC

► **Not bragging, but kinda.** It's hard to keep all the nice words our customers share with us to ourselves, so we're sharing it with you.

Our customers are happy customers, and it's because we offer real results that improve your business through reliable service, topnotch support and unrivaled innovation.

## G2 CROWD

An independent source of software ratings determined by publicly reported user reviews.

**4.8/5 HIGHEST RATED CLOUD COMMUNICATIONS PLATFORM**

## CAPTERRA

A software review and selection platform that uses user ratings to score business solutions.

**5/5 OVERALL USER RATING**

I love the support. These guys are very quick to respond and will put in the time to get your issues addressed or questions answered. The interface and features are also great, user friendly and useful.

David B., Programmer & Support Tech at Diamond Voice

## CUSTOMERS SEE RESULTS

Don't pick us for our cutting-edge tech or our telecom-disrupting ambitions. Pick us because we'll bring immediate improvements to your business.
